

## See What People Are Saying about Dr. Wendy Treynor's Book!

\* "...a highly intriguing and entertaining read, sure to give both psychology students and non-specialist general readers much to think about,"

*-The Midwest Book Review*

\* "... a strong, insightful offering from an ambitious young academic....

Highly recommended,"

*-Ali Neshati of Reader Views*

\* "...[offers] an important conclusion about the way in which acceptance and love are basic and fundamental issues in relation to socialization,"

*-Journal of Analytical Psychology*

"... integrates across an amazing spectrum of theory to provide new views about social psychology,"

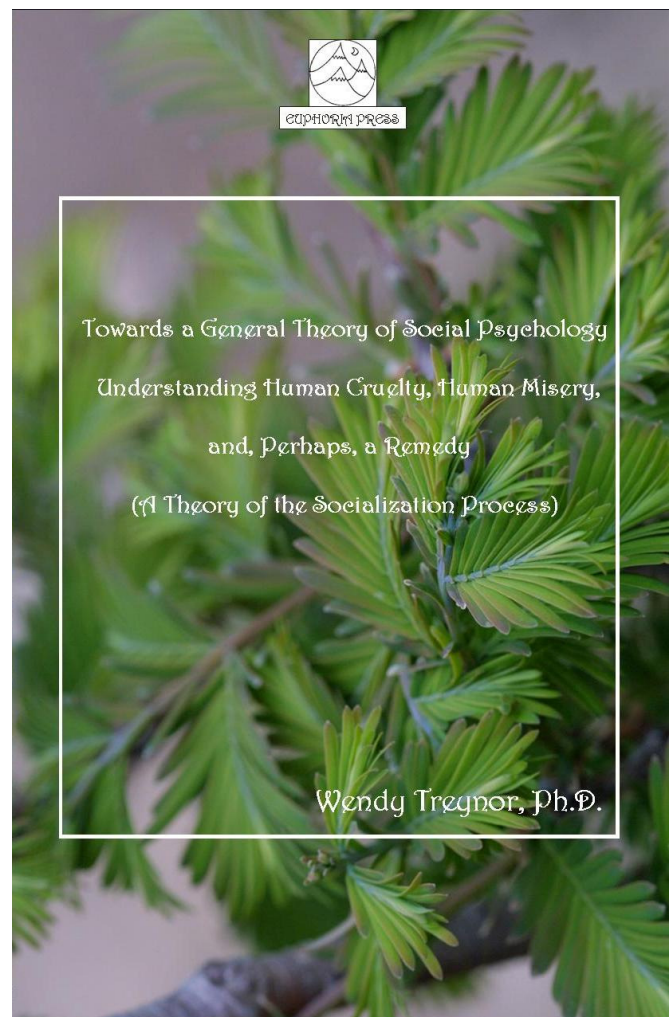

*-Adam B. Cohen, Ph.D.*

*Associate Professor of Psychology  
Arizona State University*

"An amazing integration of classic and current social psychological theories. This book is a tremendous primer for anyone interested in understanding the underlying motives behind human behavior and social interaction,"

*-John Tauer, Ph.D.*

*Professor of Psychology  
University of St. Thomas*

"...Treynor weaves a simple, albeit cogent argument..."

*- David Vance, PhD, MGS, Journal of Religion, Spirituality, & Aging*
